

# **HEALTH AND SAFETY COMPETENCE**

Safety Shield Ltd is a Health and Safety Consultancy based in the East Midlands, offering high-quality health and safety services at very competitive prices for our clients.

We have a varied range of clients from small family run shops, busy office-based companies through to large IT suppliers and Construction organisations.

## ***The Team***

Barrie Parker and Tracy Rowberry are the Directors of Safety Shield Ltd and have a wealth of knowledge and expertise in the field of health and safety.

***Barrie Parker*** has had an involvement with health and safety for over 35 years at senior management level for a high-risk International construction-based Organisation. During this time he was responsible for a team of over 1000 employees, and carried out safety training for staff at all levels. He also carried out construction-based courses for the Transport and General Workers Union. For over fifteen years Barrie has worked entirely in the field of Health and Safety, forming his own consultancy in June 1998.

### ***His training experience in the field of Health and Safety includes:***

NEBOSH Health and Safety Certificate  
RSH Construction Diploma  
NEBOSH Diploma Part 1: Tech SP  
IOSH and IIRSM Continuing Professional Development (CPD) schemes  
Fellow Member of IIRSM  
Current Site Visitor's CSCS Card (Last test in 2008)  
RSH Certificate in Health and Safety  
Construction (Design and Management) Regulations 1994  
Employment Law 2003 and 2007 seminar  
Asbestos at Work Regulations awareness training  
Legionnaires Disease awareness seminar  
Construction (Design and Management) Regulations 2007  
Outdoor event planning Seminar  
Health, Work and Well-Being 2009 seminar

Barrie is a Fellow Member of the International Institute of Risk and Safety Management (IIRSM) and a Technician Member (IOSH). He continues his professional development through the IOSH and IIRSM CPD scheme. He is also listed on the Health and Safety Executive Occupational Safety and Health Consultants Register (OSHCR).

***Tracy Rowberry*** is a University Graduate of Education and Organisational Studies (BA (Hons)), and has worked in the field of health and safety for over 15 years. During this time she carried out a wide range of auditing, policies drafting, risk assessing and safety training. Predominately her responsibilities

lay in researching and providing health and safety advice, information and relevant documentation to a large and varied range of organisations. Her areas of expertise are in the research and translation of legislation into plain English and technical documentation drafting.

Tracy's career in health and safety commenced as a safety advisor, and as her competence has developed she has become a safety consultant, forming Safety Shield Ltd with Barrie in June 1998.

***Her training experience in the field of Health and Safety includes:***

NEBOSH Health and Safety Certificate  
NEBOSH Diploma Part 1: Tech SP  
NEBOSH National Diploma Part 2- Credit  
IOSH AND IIRSM Continuing Professional Development (IPD and CPD) schemes (Last assessment in April 2009)  
Fellow Member of IIRSM  
RSH Certificate in health and Safety  
Construction (Design and Management) Regulations 1994  
CIEHO Basic Food Hygiene Certificate  
Display Screen Equipment assessor coaching  
First Aid at Work Certificate  
Employment Law 2003 and 2007 seminar  
Occupational Stress workshops  
Health, Work and Well-Being 2009 seminar

Tracy is a Graduate Member of IOSH and a Fellow Member of the International Institute of Risk and Safety Management (IIRSM). She continues her professional development through the IOSH IPD and CPD scheme and IIRSM CPD Scheme. She is also listed on the Health and Safety Executive Occupational Safety and Health Consultants Register (OSHCR).

Both Directors are members of the Trent Valley Institute Of Safety and Health (IOSH) forum and the Company is a member of NOSHA (Nottingham Occupational Safety and Health Association) and Federation of Small Businesses. The Company also holds the Worksafe Health and Safety Consultant membership certificate, after being assessed by SMAS and meeting with the requirements of the Core Criteria standard (stage 1). The SMAS are members of the Safety Schemes in Procurement (SSIP) forum.

Safety Shield Ltd also employs competent and suitably qualified consultants, specialists and trainers who are matched to individual client's needs. All specialists are deemed as competent in their area of expertise, and have the appropriate level of training and qualifications, to satisfy both our insurers and ourselves. Prior to any work being carried out by our associates we require the completion of a competence form, which is forwarded to our insurers for approval.
